About MJB

Since 1975, we've built a global sales, manufacturing, distribution and marketing company driven to serve our customers around the clock. We deliver the products and solutions that enable our customers to overcome challenges and drive better business results to achieve maximum productivity, efficiency, and profitability.

We do this by:

- Connecting people, products, and technology through creativity and expertise
- Focusing on quality, innovation, strength and beauty
- Dedicated to helping our customers find the best products at the best prices
- Expertise in manufacturing, sales, product development, and technical engineering
- Building long-term, creative solutions for our customers

Our Product Solutions

MJB interior moulding and millwork products can be used for residential and commercial applications. We offer a complete line of products in a wide range of traditional and architectural profiles. We deliver them efficiently, tailored to your needs and manufactured under a rigorous quality assurance process. MJB offers two moulding and millwork product lines for interior applications: MJBSelect® uses durable MDF for interior moulding, while LVLSelect uses multiple layers of wood veneers, creating a uniform appearance with superior strength.

Our millwork product line includes: casing, base, crown, chair rail, shiplap, S4S boards, flat jambs, produced to your specifications.

- ➔ Mouldings, Boards, Flat Jambs, Shiplap
- ➔ Substrates – MDF, LVL
- ➔ Finishes – Raw, Primed and Prefinished

MJBselect[®]

INTERIOR MILLWORK

MJB is one the largest and most diverse manufacturers of high quality, environmentally friendly MDF. All products can be made to your dimension specifications. If you can't find the profile you're looking for, we can customize virtually any profile to your specified thickness and width in our manufacturing facility.

Features and benefits:

- ➔ High quality, superior finish
- ➔ Lightweight and easy to handle
- ➔ Made of environmentally friendly recycled wood fibers
- ➔ Available primed or prefinished

LVLSelect[®]

By MJB Wood Group, Inc.
INTERIOR MILLWORK

MJB was one of the first companies to introduce and perfect the LVL process based on the requirements of the door and window industry. This process is superior to solid lumber because it is stronger, straighter, and more uniform in appearance. With its superior strength, LVLSelect is an excellent choice for interior millwork.

Features and benefits:

- ➔ Straight and uniform appearance
- ➔ Available in lengths up to 16'
- ➔ Smooth surface without fingerjoints or other natural wood grains and knots
- ➔ Machines and installs like solid wood
- ➔ Available primed or pre-finished

Defend against moisture,
swelling and mildew

MJBselect[®]
DEFENDER

MJB Defender is a proprietary coating applied to base mouldings to protect against moisture and keep the moulding looking beautiful.

Features and benefits:

- ➔ Bottom sealed to create moisture barrier
- ➔ Ideal for applications with solid surface flooring
- ➔ Mold and mildew resistant
- ➔ Available in various base moulding profiles
- ➔ Stock items and custom profiles available upon request

MJBselect[®]
PRE-FINISHED

MJB's prefinished offering can be applied to any of our interior millwork products and consists of a durable, high quality pre-painted finish to make installation quick and easy.

Features and benefits:

- ➔ Professional paint finish
- ➔ Ready-to-install product reduces labor and installation time
- ➔ Durable, non-mar topcoat

The MJB American Classics™

WALL AND CEILING PANELS WITH TIMELESS DESIGN APPEAL

Our ACC series is designed to replicate vintage shiplap. Our shiplap is primed with a tongue and groove nickel gap edge for ease of installation direct to studs or over sheetrock. Made from high quality moulding grade MDF, our shiplap is engineered for high durability and stability. Wall and ceiling panels are available in MDF or LVL.

Features and benefits:

- ➔ Available in MDF or engineered wood substrates
- ➔ Available in 15mm and 17mm thickness up to 16' lengths
- ➔ Reversible profiles in Nickel Gap and V Groove
- ➔ Available in primed or prefinished
- ➔ Easy installation
- ➔ Beautiful, high-quality designs for a fraction of the cost

Our Services

MJB Wood is known for exceptional customer service. We deliver a quality product, designed to your specifications, on time, every time. We offer a variety of solutions to create a seamless experience to optimize your supply chain.

Our services include:

- ➔ Domestic manufacturing at our plants in Texas, Arkansas, and South Carolina
- ➔ Global sourcing options in China, Indonesia, Vietnam, Russia, and South America, including MJB factories in China and Indonesia
- ➔ Vendor-managed inventories
- ➔ Mixed truckload quantities
- ➔ Custom profiles available upon request

Manufacturing Solutions

In addition to our suite of millwork products, MJB offers a variety of other manufactured components and value added services to include laminated panel products, cut-to-size components and fully machined parts. Whether your manufacturing needs require just-in-time capacity for fill-in business or volume programs, MJB has a solution to fit your needs.

Our solutions include:

- ➔ Cut to size
- ➔ Routing and Machining
- ➔ Drilling
- ➔ Laminating and Edgebanding
- ➔ Priming, Painting and Finishing
- ➔ Assembly and Packaging
